

Product data sheet

Product category	Energy storing portable aircos
Brand	Qlima
Model	PES 7225
Colour	White
EAN code	8713508786322

Technical specifications

		Cooling	Heating
Capacity Heating/ Cooling (P rated)	kW	2,5	2,5
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1	
Current (max) Cooling / Heating	A	3,7	6,5
Cold storage capacity	kWh	4.5	
Cold storage consumption	kWh	0.9	
Power input storing heat	kW	1	
Airflow ²	m ³ /h	360	
For rooms up to ²	m ³	60 - 85	
Capacity water tank	l	37	
Operating range ²	°C	5 ~ 38	
Thermostatic range	°C	15 ~ 32	
Sound pressure noise level at 1 m - high mode (SPL)	dB(A)	45	
Fan speeds	positions	3	
Control		electronic / Wi-Fi	
Air filter	type	screen	
Refrigerant type / charge	R/g	R290 / 245	
Refrigerant GWP		3	
CO ₂ equivalent	tonnes	0,000735	
Compressor type		rotary	
Dimensions (w x d x h)	mm	495 x 330 x 920	
Protection class		IP24	
Net. weight	kg	40	
Guarantee	years	2	

1 Measured conform EN 14511-2011

2 To be used as indication

3 Moisture removal at 32°C. 80% RH

Package content

Portable airconditioner, Filling hose, Universal tap converter, User manual

Accessories (not included)

Description	EAN code

Energy storing heating-cooling system

WiFi functionality

2 Fans speeds

R290 environmental friendly refrigerant

Dehumidifier function

Comfortable heat

No exhaust duct necessary

Features

Energy storing heating-cooling system: This revolutionary unit stores the energy from outside air using 37L of water. This allows the unit, when fully charged, to heat or cool a room for several hours without any duct making it a true portable unit.

WiFi: Powered by Tuya: Smart air conditioning, remotely controlled with WiFi via Tuya App.

Air conditioning: The unit produces, with relatively high energy, a pleasant and refreshing high capacity cool airflow. Unhealthy particles are captured by the air filters. Performance is optimal when the entering of warm outside air.

Heater: Equipped with a dual heating / air conditioning system, this model offers a comfortable backup heater of for use all year round.

Dehumidification: The unit can also be used as a dehumidifier only.

Electronic controls: The unit is equipped with electronic controls.

Timer: Operating time to be set to 24 hours. The unit switches off automatically when the set time has run down.

Fan speed setting: Select the fan speed: low, high or automatic. The display will show the chosen speed.

Full colour box: The unit is delivered complete with auxiliary parts in a stylish full colour box showing application and operation information in multiple languages.
