W x D x H =
22 x 7 x 33 cm

Gross weight
0.6 kg

Skylight window fitting kit: Increase the performance of your mobile air conditioner with the window fitting kit specially designed for the most common sized skylight windows. It prevents entering of hot air through the opened window for the exhaust hose. It will also prevent bugs from entering the room.

Easy installation: Fixate the window fitting kit easily with the hook-and-loop/velcro fastener. Put the exhaust hose for hot air through the specially made hole.

Compatible with multiple air conditioners: The window fitting kit is designed specially for Qlima / Tectro portable air conditioners. However it can be used for other brands as well. Check the dimensions of the exhaust hose (maximum suitable diameter is 270 mm)
